

Amr Benadary

Frontend Developer

I can work independently using my own initiative or as part of a team. Obtaining a development position that allows me to learn new technologies. Seeking the opportunity that would make the best use of my skills. Increase my professional experience to collaborate with one of the best and brightest companies in the field of software programming.

- The complete web development bootcamp with: Angela Yu at Udemy.com
- Understanding Typescript with: Maximilian Schwarzmülle at Udemy.com
- The complete Angular 4+ course with: Mosh Hamedani at Udemy.com

WORK EXPERIENCE

Frontend Developer Practice

Cairo, Egypt

I have no experience yet in the field, and that's because I'm a fresh graduate and I've just completed my military service at Dec.2020. But I'm frequently practicing and working on free designs from the internet so that I don't lose a bit of my knowledge.

SKILLS

OOP

Problem Solving

Responsive Design

HTML, CSS

Bootstrap

JavaScript ES6+

JQuery

TypeScript

Angular 4+

Node.js, Express.js

Basic Knowledge in PS, XD

PERSONAL PROJECTS

My Portfolio (01/2021 - 02/2021) [🔗](#)

- Developed an amazing portfolio, single page application. using only HTML, CSS and JavaScript, without any library or framework. I could have used more advanced technologies like angular and angular material or even using bootstrap but I take it as a challenge.
- You can check my GitHub profile for more awesome projects. [🔗](#)

CERTIFICATES

No certificates available

The most powerfull certificate I have is my knowledge, so **test Me!**

ACHIEVEMENTS

I've completed my military service (10/2019 - 12/2020)

I had a lot of fun and also had great experience, made some awesome friends and most important became a grown up man.
